Everyday Sustainability Christmas Tree Recycling

Start out the New Year right by recycling your old Christmas tree! After the holidays many communities in the North Central Texas Region will collect the trees at the curbside or they will collect the trees at several drop-off sites. Christmas trees will then be chopped into mulch (which is free to the public at all drop-off locations). For a list of participating cities and counties in the area visit <http://www.timetorecycle.com/2007ChristmasTreeRecycling.asp>
