Everyday Sustainability

Walk Score helps people find walkable places to live by calculating the walkability of an address by locating nearby stores, restaurants, schools, parks, etc. Walk Score measures how easy it is to live a car-lite lifestyle—not how pretty the area is for walking. Interested to see how your current or potential home rates? Check out www.walkscore.com

EVHA FINALIST

Recognized as one of the country's most energy elite new homes, it has been announced that one of Ferrier Custom Homes' projects in Grapevine, Texas has been selected as a finalist in the 2009 Energy Value Housing Awards (EVHA). Final awards will be announced on January 19th at the International Builders Show... stay tuned for more information! For more information on the award, go to www.nahbr.org/evha.

Fort Worth, Texas Magazine

Make sure and pick up the current issue of Fort Worth, Texas to check out the story featuring Heather Ferrier as one of Fort Worth's eco-minded folks, and why it's easy- and essential- to go green.
